

# home, safe home

*the safest place for you to be  
right now is right here, at home*

please

only go out when **absolutely necessary**

**minimize contact** with people

**wash your hands** frequently  
with soap and warm water

keep your hands **away from your face**,  
especially your eyes, nose, and mouth

ask your **family to drop off** what  
you need on the table in the front entry;  
please do not meet them outside  
or ask them to bring it to your suite;  
we will bring your package to your door

stay in your suite **if you are not feeling well**  
and call the concierge right away
