COVID-19 OUTBREAK UPDATE—ALL CLEAR

Dear residents, staff, and families,

We are pleased to let you know that the Medical Officer of Health has cleared us of outbreak status at Evanston Summit. We are once again free of COVID-19. The virus was contained and the resident who tested positive has recovered.

A big thank you to the collective efforts of residents, staff, and families for being so careful in following all necessary protocols and keeping one another safe.

We continue to monitor everyone closely, particularly given the increase in positive cases throughout the province in recent weeks.

We ask that we all renew our commitment to be extremely conscious in following all public health directives to minimize spread of the virus. The Delta variant is particularly contagious and is transmitting quickly. If you have not yet been vaccinated, please do so. It is the most effective way to protect yourselves and the people you love from experiencing severe outcomes of COVID. You can call HealthLink at 811 to book an appointment.

Please direct questions to your Sandy Leia, Site Manager, at 587-583-7511 or send them to admin@covenantliving.ca.

Please take very, very good care of yourselves and each other.

Michelle Charlesworth
